**Information Technology Professionals Examination Council**  
<http://www.itpec.org/>

Information Technology Professionals Examination Council (ITPEC for short) is the organization for promoting the standard of IT professionals throughout the Asian countries. It was formed on November 11, 2005 to co-ordinate the efforts of member countries in the implementation of the IT Professionals Examination in Asia. The council is currently comprised of members from the Philippines, Thailand, Vietnam, Myanmar, Malaysia, Mongolia, and Japan.

# IT Passport! License to go IT.

## Information Technology Passport Examination

*IT Passport Exam certification is a passport to IT business arena!*

**Certification for both IT and non-IT personnel**

IT Professionals Examination among ITPEC countries is a mutually-agreed upon certification exam equivalent to the IT Engineers Examination conducted in Japan. IT Passport Examination is a "NEW" IT Examination introduced by ITPEC, which is part of the IT Professionals Examination. This examination is targeted to evaluate the understanding of basic terminology and the basic set of knowledge and skills that one in the Information Society should have.

This leaflet is published by Ministry of Economy, Trade and Industry (METI) of Japan. METI is supporting the IT Professionals Examination activities through ITPEC.
