### Supplying the Quake-hit Tohoku Region

#### Special dispatch of additional tanker trucks (300 vehicles)
- 297 additional vehicles have already arrived in the Tohoku region.

#### Mass transfer of gasoline, etc. from western Japan to the Tohoku region
- Supply capacity of 38,000 kl/day is already secured.
- Current supply to the Tohoku region: approx. 30,000 kl/day.
- Operating ratios of refineries: ensure operation at full capacity.
- Suspension of exports: approx. 700,000 kl for the time being.
- Emergency imports: expectation to secure approx. 500,000 kl or more in March and April.

#### Support for areas around the Fukushima Nuclear Power Plants
- Regarding requests on March 19, 22, 26, and 30 from the Fukushima prefectural government to provide approx. 1,110 kl of gasoline, etc., to area residents: the full amount was supplied by March 31. Responding additional request (400kl) on April 3. As of April 11, approx. 120 kl has been supplied.

#### Securing railway transportation routes
- As of evening of April 10, transportation routes between Negishi and Koriyama (approx. 1,300 kl/day) and between Negishi and Morioka (approx. 1,300 kl/day) returned to the same status before the aftershock.
- After March 21, transport approx. 6,000 kl/day of gasoline, etc. to Utsunomiya. One part is to be transported to the Tohoku region via Utsunomiya.

#### Response to requests from affected areas
- Responded to some 1,380 of 1,450 requests from hospitals, etc.; approx. 15,300kl of gasoline and light oil, etc., were delivered as of April 11.

### Early restoration of oil storage facilities (Shiogama/Hachinohe) on Pacific Coast
- (Shiogama Oil Storage Facility) As of April 12, 54 tankers (approx. 156,000kl) have docked at the pier.
- (Hachinohe Oil Storage Facility) As of April 12, 24 tankers have docked at the pier (total of approx. 62,000kl).
- (JX Sendai Oil Storage Facility) As of April 4, approx. 1,000 drums of kerosene and light oil have been shipped.

### Designation of key service stations and concentrated supply
- Supply has been concentrated to a cumulative total of 3,226 service stations between March 19 and April 10, out of 207 emergency key stations in 6 Tohoku prefectures.
- As of April 11, 2,883 out of 3,070 service stations (94%) located in the Tohoku regions were in operation.
- Oil distributors updated information on operation status of their service stations on the websites.

### Intensive supply measures to areas where shortages are serious
- On March 27, approx. 4,000 drums of kerosene and light oil were delivered to Self-Defense Forces for quake survivors.
- Regarding donated kerosene (2000 drums) from The Petroleum Association of Japan, shipment has started from April 4. 650 drums are delivered to Iwate, Miyagi, and Fukushima prefectures each. As of April 12, total of approx. 1,630 drums has been delivered.

### LP gas supply measures (to the Tohoku region (affected area))
- Gas cylinders and large cookers for 6,800 people were delivered free of charge to hospitals and evacuation areas for cooking.
- Approx. 24,000 table-top stoves and 130,000 cassette gas cylinders have been donated to the affected areas.
- Total of 40,000 tons of LPG has been released by April 7 by utilizing national stockpiles.

### Establishment of Temporary fueling sites
- March 27 to April 12, temporary fueling sites were established in 9 municipalities and fueled a total of approx. 8,700 vehicles.

### Supply to the Kanto Region

#### From March 21, shipments to the Kanto region recovered to the normal average yearly level.

#### Transfer of stocks to the Kanto region
- In the 3 days after March 25, approx. 60,000kl was transferred to the Kanto region.

#### Two refineries that had suspended operations (Tonen Kawasaki and Kyokuto Chiba) have already resumed operations.
- JX Negishi resumed operations on March 21.

#### Normalization of supply to the North Kanto region.
- After March 21, railway shipment returned to normal (transport of a total of approx. 11,000 kl/day of gasoline, etc.)

### From March 21, shipments to the Kanto region recovered to the normal average yearly level.
- Draw on stock in operating refineries in the Kanto region.
- Enhance supply structure via cooperation among companies.

### Designation of key service stations and intensive supply to them (as noted above)
- As of April 11, 6,618 (99%) service stations out of 6,661 in the Kanto region were in operation.

### <Today’s highlights>
- The Petroleum Association of Japan has delivered approx. 1,630 out of 2,000 drums of kerosene and light oil free of charge as of April 12.
- Temporary fueling sites were established and provided fuel to a total of 8,700 vehicles from March 27 to April 12, in 9 municipalities.
