Supplies have been concentrated to Tohoku and Morioka (approx. 1,300 drums) and Koriyama (approx. 1,000 drums) of kerosene, etc., to area residents. LP gas supply measures (to the Tohoku region (affected area) ) have arrived in the Tohoku region. Amazingly, 60,000 drums of kerosene and light oil have been shipped. As of evening of April 10, transportation routes between Negishi and Koriyama (approx. 1,200 kl/day), and between Negishi and Morioka (approx. 1,300 kl/day) returned to the same status as before the aftershock. After March 21, transport approx. 6,000 kl/day of gasoline, etc. to Utsunomiya. One part is to be transported to the Tohoku region via Utsunomiya.

Response to requests from affected areas

Responded to some 1,380 of 1,450 requests from hospitals, etc.; approx. 15,300 kl of gasoline and light oil etc., were delivered as of April 11.

LP gas supply measures (to the Tohoku region (affected area) )

Gas cylinders and large cookers for 6,800 people were delivered free of charge to hospitals and evacuation areas for cooking. Approx. 26,000 table-top stoves and 150,000 cassette gas cylinders have been donated to the affected areas. Total of 40,000 tons of LPG has been released by April 7 by utilizing national stockpiles.

Emergency Measures to Ensure Supply Lines and Establish an Expanded Distribution Network

Securing the Supply of Gasoline and Light Oil in the Tohoku Region (Disaster Area) and the Kanto Region: (As of 10:00 a.m. April 15)

Supplying the Quake-hit Tohoku Region

Mass transfer of gasoline, etc. from western Japan to the Tohoku region

→ Supply capacity of 38,000 kl/day is already secured
→ Current supply to the Tohoku region: approx. 30,000 kl/day
→ Operating ratios of refineries: ensure operation at full capacity
→ Suspension of exports: approx. 700,000 kl for the time being
→ Emergency imports: expectation to secure 500,000 kl or more in March and April

Early restoration of oil storage facilities (Shiogama/Hachinohe) on Pacific Coast

→ (Shiogama Oil Storage Facility) As of April 14, 62 tankers (approx. 175,000 kl) have docked at the pier.
→ (Hachinohe Oil Storage Facility) As of April 12, 27 tankers have docked at the pier (total of approx. 62,000 kl).
→ (JX Sendai Oil Storage Facility) As of April 4, approx. 1,000 drums of kerosene and light oil have been shipped.

Securing railway transportation routes

→ As of evening of April 10, transportation routes between Negishih and Koriyama (approx. 1,200 kl/day), and between Negishih and Morioka (approx. 1,300 kl/day) returned to the same status as before the aftershock.
→ After March 21, transport approx. 6,000 kl/day of gasoline, etc. to Utsunomiya. One part is to be transported to the Tohoku region via Utsunomiya.

Support for areas around the Fukushima Nuclear Power Plants

→ Regarding requests on March 19, 22, 26, and 30 from the Fukushima prefectural government to provide approx. 1,110 kl of gasoline, etc., to area residents: the full amount was supplied by March 31. Responding additional request (400kl) on April 3. By April 15, approx. 200 kl are expected to be supplied.

Response to requests from affected areas

→ Responded to some 1,380 of 1,450 requests from hospitals, etc.; approx. 15,300 kl of gasoline and light oil etc., were delivered as of April 11.

LP gas supply measures (to the Tohoku region (affected area) )

→ Gas cylinders and large cookers for 6,800 people were delivered free of charge to hospitals and evacuation areas for cooking.
→ Approx. 26,000 table-top stoves and 150,000 cassette gas cylinders have been donated to the affected areas.
→ Total of 40,000 tons of LPG has been released by April 7 by utilizing national stockpiles.

Support to resume temporary operation of service station in the affected areas

→ By using portable or second-hand fuel tanks, 7 service stations in 5 municipalities resumed temporary operation as of April 14.

Designation of key service stations and concentrated supply

→ Supply has been concentrated to a cumulative total of 3,531 service and April 12, out of 207 emergency key stations between March 19 in 6 Tohoku prefectures.
→ As of April 13, 2,888 out of 3070 service stations (94%) located in the Tohoku regions were in operation.
→ Oil distributors updated information on operation status of their service stations on the websites.

Intensive supply measures to areas where shortages are serious

→ On March 27, approx. 4,000 drums of kerosene and light oil were delivered to Self-Defense Forces for quake survivors.
→ Regarding donated kerosene and light oil (2000 drums) from The Petroleum Association of Japan, shipment has started from April 4. 650 drums are delivered to Iwate, Miyagi, and Fukushima prefectures each. As of April 14, total of approx. 1,680 drums have been delivered.

Establishment of temporary fueling sites

→ March 27 to April 13 temporary fueling sites were established in 9 municipalities and fueled a total of approx. 8,800 vehicles.

*Supply to the Kanto region has recovered to almost normal status. We will inform you if there are any developments in the situation.
