

Appendix

Members of the Study Committee on Utilization of the Robot Testing Field and the International Industry-Academia-Government Collaboration Facility (Robots)

(Experts)

Hajime Asama, Professor, Department of Precision Engineering, School of Engineering, the University of Tokyo

Tamaki Ura, Director of Center for Socio-Robotics Synthesis, Kyushu Institute of Technology

Tetsuya Kimura, Associate Professor, Department of System Safety, Professional Graduate School, Nagaoka University of Technology

Shinji Suzuki, Professor, Department of Aeronautics and Astronautics, School of Engineering, the University of Tokyo

Takayuki Takahashi, Professor, Mechatronics Laboratory, Division of Human Support System, Faculty of Symbiotic Systems Science, Fukushima University

Satoshi Tadokoro, Professor, Department of Applied Information Sciences, Graduate School of Information Sciences, Tohoku University

Kenzo Nonami, Professor, Department of Mechanical Engineering, Division of Artificial Systems Science, Graduate School of Engineering, Chiba University

Yoji Yamada, Professor, Department of Mechanical Science and Engineering, Graduate School of Engineering, Nagoya University

(Research Institutions)

Japan Aerospace Exploration Agency (JAXA)

National Institute of Advanced Industrial Science and Technology (AIST)

New Energy and Industrial Technology Development Organization (NEDO)

(Industry)

Japan Machinery Federation (JMF)

Iwaki Robot Study Group

International Research Institute for Nuclear Decommissioning (IRID)

Council on Competitiveness-Nippon (COCN)

Tokyo Electric Power Company, Incorporated (TEPCO)

Japan Atomic Energy Agency (JAEA)

(Local government and public offices)

Fukushima Prefecture

Relevant ministries and agencies

(in Japanese syllabic order)
