

Launch of “Dialogue for Innovative and Sustainable Growth” (DISG)

- Accelerate “**Innovative and Sustainable Growth**” across the region to achieve simultaneously **strengthening industrial competitiveness** and **addressing various socio-economic challenges**.

Double dividends through “Innovative and Sustainable Growth”

Strengthen industrial competitiveness

Fostering new industry Upgrading Supply chain

Address various socio-economic challenges

Reducing disparity and inequality

Responding to environmental issues

- As a joint initiative between AEM-METI Ministers, “**Dialogue for Innovative and Sustainable Growth (DISG)**” is to be launched. (Organizer of the dialogue: AMEICC)
- “**DISG**” will comprise a series of webinars, whose objectives are:

Visibility : to showcase the latest ASEAN-Japan cooperative projects in some iconic field

Inclusion : to facilitate discussion among experts from private, academic and public sectors so as to identify potential areas for future A-J collaboration.

Continuity : to provide various and continuous occasions to discuss A-J cooperation

- Expected themes for webinars -
