

Appendix 1

List of Newly Established and Revised JIS Publicly Notified on October 20, 2021

<Division in charge and telephone number>

International Standardization Division (e-mail: s-kijun-ISO@meti.go.jp direct line: 03-3501-9283)

International Electrotechnology Standardization Division (e-mail: s-iec@meti.go.jp direct line: 03-3501-9287)

1. Newly established standards
(Accredited SDO)

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Geometrical product specifications (GPS)-Inspection by measurement of workpieces and measuring equipment-Part 5: Uncertainty in verification testing of indicating measuring instruments	B0641-5	Japanese Standards Association	International Standardization Division

(Total standards newly established: 1)

2. Revised standards

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Directly heated negative temperature coefficient thermistors-Part 2: Sectional specification-Surface mount negative temperature coefficient thermistors	C2570-2	Japanese Standards Association	International Electrotechnology Standardization Division
Fixed capacitors for use in electronic equipment-Part 16: Sectional specification-Fixed metallized polypropylene film dielectric DC capacitors	C5101-16	Japanese Standards Association	International Electrotechnology Standardization Division
Fixed resistors for use in electronic equipment-Part 1: Generic specification	C5201-1	Japanese Standards Association	International Electrotechnology Standardization Division
Low-voltage surge protective devices-Part 12: Surge protective devices connected to low-voltage power systems- Selection and application principles	C5381-12	Japanese Standards Association	International Electrotechnology Standardization Division
Components for low-voltage surge protection-Part 331: Performance requirements and test methods for metal oxide varistors (MOV)	C5381-331	Japanese Standards Association	International Electrotechnology Standardization Division

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Surface mounting technology-Part 4: Classification, packaging, labelling and handling of moisture sensitive devices	C61760-4	Japanese Standards Association	International Electrotechnology Standardization Division
Security and resilience-Business continuity management systems-Guidance on the use of JIS Q 22301	Q22313	Japanese Standards Association	International Standardization Division

(Total standards revised: 7)
