

Appendix 1

List of Newly Established and Revised JIS Publicly Notified on May 20, 2022

<Division in charge and telephone number >

International Standardization Division (e-mail: s-kijun-ISO@meti.go.jp direct line: 03-3501-9283)

International Electrotechnology Standardization Division (e-mail: s-iec@meti.go.jp direct line: 03-3501-9287)

1. Newly established standards

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Digital technical product documentation-Part 10: Presentation of assembly 3D annotated model	B0060-10	Japanese Standards Association	International Standardization Division
Quality management systems- Battery reuse-Requirements	Q9092	Japan Automobile Research Institute	International Standardization Division

(Accredited SDO- Japanese Standards Association)

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Environmental considerations specific to insulated electrical power and control cables	C62125	Japanese Standards Association	International Electrotechnology Standardization Division

(Total standards newly established:4)

2. Revised standards

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Roller chain shaft couplings	B1456	Japan Chain Association	International Standardization Division
Geometrical product specifications (GPS)- Dimensional measuring equipment- Vernier, dial and digital callipers	B7507	Japan Precision Measuring Instruments Manufacturers Association	International Standardization Division
Load cells for weighing instruments-Part 1: Analog load cells	B7612-1	Japan Electric Measuring Instruments Manufacturers' Association	International Standardization Division
Load cells for weighing instruments-Part 2: Digital load cells	B7612-2	Japan Electric Measuring Instruments Manufacturers' Association	International Standardization Division

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Gas analyzers of ambient and emission gas used in transaction or certification	B7959	Japan Electric Measuring Instruments Manufacturers' Association	International Standardization Division
Hydrogen ion meters using glass electrodes-Measuring instruments used in transaction or certification- Part 1: Glass electrodes	B7960-1	Japan Electric Measuring Instruments Manufacturers' Association	International Standardization Division
Hydrogen ion meters using glass electrodes-Measuring instruments used in transaction or certification- Part 2: Indicators	B7960-2	Japan Electric Measuring Instruments Manufacturers' Association	International Standardization Division
Gas meters	B8571	Japan Measuring Instruments Federation	International Standardization Division
Petroleum products - Testing method of components - Part 2: Determination of total components by gas chromatography	K2536-2	Petroleum Association of Japan	International Standardization Division
Petroleum products - Testing method of components - Part 4: Determination of components by multidimensional gas chromatography	K2536-4	Petroleum Association of Japan	International Standardization Division
Crude petroleum and petroleum products - Determination of nitrogen content	K2609	Petroleum Association of Japan	International Standardization Division
Plastics-Epoxy resins - Part 1: Determination of degree of crosslinking of crosslinked epoxy resins by differential scanning calorimetry (DSC)	K7148-1	The Japan Society of Epoxy Resin Technology	International Standardization Division
Labels for environmental-impacts achievement levels for the products using fluorocarbons or alternative fluorocarbons	Z7161	The Japan Refrigeration and Air Conditioning Industry Association	International Standardization Division

Accredited SDO-Japanese Standards Association)

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
600V Polyethylene insulated cables	C3605	Japanese Standards Association	International Electrotechnology Standardization Division
Boxes and covers of plastic conduits	C8435	Japanese Standards Association	International Electrotechnology Standardization

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
			Division
Resistance welding equipment	C9305	Japanese Standards Association	International Electrotechnology Standardization Division
Resistance welding equipment-Transformers-General specifications applicable to all transformers	C9323	Japanese Standards Association	International Electrotechnology Standardization Division
Lead-acid batteries for motorcycles	D5302	Japanese Standards Association	International Electrotechnology Standardization Division

(Accredited SDO-The Japan Iron and Steel Federation)

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Standard test method for heat analysis of steel products	G0320	The Japan Iron and Steel Federation	International Standardization Division
Steel and steel products-Location and preparation of samples and test pieces for mechanical testing	G0416	The Japan Iron and Steel Federation	International Standardization Division
Automated ultrasonic examination of steel pipes and tubes	G0582	The Japan Iron and Steel Federation	International Standardization Division
Ultrasonic examination for arc welded steel pipes	G0584	The Japan Iron and Steel Federation	International Standardization Division
Rolled steels for general structure	G3101	The Japan Iron and Steel Federation	International Standardization Division
Rolled steels for welded structure	G3106	The Japan Iron and Steel Federation	International Standardization Division
Manganese-molybdenum and manganese-molybdenum-nickel alloy steel plates quenched and tempered for pressure vessels	G3120	The Japan Iron and Steel Federation	International Standardization Division
Stainless steel tubes for machine and structural purposes	G3446	The Japan Iron and Steel Federation	International Standardization Division
Stainless steel sanitary pipes	G3447	The Japan Iron and Steel Federation	International Standardization Division
Light gauge stainless steel tubes for ordinary piping	G3448	The Japan Iron and Steel Federation	International Standardization Division
Steel pipes for low temperature service	G3460	The Japan Iron and Steel Federation	International Standardization Division
Carbon tool steels	G4401	The Japan Iron and Steel Federation	International Standardization Division

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
High speed tool steels	G4403	The Japan Iron and Steel Federation	International Standardization Division
Alloy tool steels	G4404	The Japan Iron and Steel Federation	International Standardization Division
Method of conical cup test	Z2249	The Japan Iron and Steel Federation	International Standardization Division

(Total standards revised:33)
