Appendix 1

List of Newly Established and Revised JIS Publicly Notified on May 20, 2024

<Division in charge and telephone number>

International Standardization Division (e-mail: <u>bzl-s-kijun-ISO@meti.go.jp</u> direct line: 03-3501-9283) International Electrotechnology Standardization Division (e-mail: <u>bzl-s-iec@meti.go.jp</u> direct line: 03-3501-9287)

1. Newly established standards

(Japanese Industrial Standards Committee)

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Electrically operated spray seats for household and similar use-Methods for measuring the performance-General test methods of spray seats	A4424	Japan Sanitary Equipment Industry Association	International Standardization Division
Measurement method of out-of-plane vibration distribution on planer body by grating projection method	Z2160	Japanese Standards Association	International Standardization Division
Microscopes-Definition and measurement of illumination properties-Part 3: Incident light fluorescence microscopy with incoherent light sources	B7253-3	Japan Microscope Manufacturer'S Association	International Standardization Division
Common format for measurement and analysis data	K0200	Japan Analytical Instruments Manufacturers' Association	International Standardization Division

(Total standards newly established: 4)

2. Revised standards

(Japanese Industrial Standards Committee)

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Electrically operated spray seats	A4422	Japan Sanitary Equipment Industry Association	International Standardization Division
Decorated cement shingles for dwelling roofs	A5423	Japan Construction Material & Housing Equipment Industries Federation	International Standardization Division
Adhesive films for glazings	A5759	Japan Safety Appliances Association	International Standardization Division
Preformed cellular plastics thermal insulation materials	A9511	Japan Thermal Insulation Association	International Standardization Division
Hopper weighers	B7603	Ministry of Economy, Trade and Industry	International Standardization Division
Automatic gravimetric filling instruments-Part 1: Metrological and technical requirements	B7604-1	Ministry of Economy, Trade and Industry	International Standardization Division

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Belt weighers-Part 1:	B7606-1	Ministry of Economy, Trade	International
Metrological and technical		and Industry	Standardization
requirements			Division
Automatic catchweighing	B7607	Ministry of Economy, Trade	International
instruments		and Industry	Standardization
			Division
Fuel oil flow meters-Measuring	B8572-1	Japan Measuring Instruments	International
instruments used in transaction or		Federation	Standardization
certification-Part 1: Fuel			Division
dispensers for motor vehicles			
Methods for chemical analysis of	R5202	Japan Cement Association	International
cements			Standardization
			Division
Chemical analysis method of	R5204	Japan Cement Association	International
cement by X-ray fluorescence			Standardization
			Division

(Submitted by Accredited SDO-Japanese Standards Association)

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Method for the determination of ink cartridge yield for colour inkjet printers and multi-function devices that contain printer components	X6937	Japanese Standards Association	International Electrotechnology Standardization Division

(Total standards revised: 12)
