

List of Figures and Tables

Table II-1-1-1-1	Changes in globalization	2
Figure II-1-1-1-2	Changes in the value of global trade and the tariff rates.....	3
Figure II-1-1-1-3	Changes in the world's international transport cost index (1990 = 100)	4
Figure II-1-1-1-4	Changes in trade cost index for different importing regions	5
Figure II-1-1-1-5	Changes in the export value of goods and services in the world	6
Figure II-1-1-1-6	Ratio of value-added exports (by industry) to major nations' GDP.....	7
Figure II-1-1-1-7	Changes in industrial structure of major nations (2005).....	8
Figure II-1-1-1-8	Changes in industrial structure of major nations (2015).....	8
Figure II-1-1-1-9	Bilateral trade accounting for over 0.1% of the value of global trade (2000).....	10
Figure II-1-1-1-10	Bilateral trade accounting for over 0.1% of the value of global trade (2017).....	11
Figure II-1-1-1-11	Changes in global exports by type of goods	12
Figure II-1-1-1-12	A model of international division of production.....	13
Figure II-1-1-1-13	Changes in resource prices	14
Figure II-1-1-1-14	Breakdown of exports of raw materials and intermediate goods by major sector	15
Figure II-1-1-1-15	Changes in intra-regional exports in East Asia	16
Figure II-1-1-1-16	Inter-regional trade of major regions.....	17
Figure II-1-1-1-17	Global flow of trade.....	18
Figure II-1-1-1-18	Ratio of GVC-related exports to total exports	20
Figure II-1-1-1-19	Share of region or countries in the working age population of the world.....	21
Figure II-1-1-1-20	Growth rate of outstanding inward direct investment by region.....	22
Figure Column 5-1	Japan's value-added exports to the United States and major third countries/regions (2015).....	24
Figure Column 5-2	U.S. imports from Japan.....	25
Figure II-1-1-2-1	Outstanding inward direct investments by region and their growth rates as rate of contribution by region	27
Figure II-1-1-2-2	Changes in the percentage of inward direct investment outstanding to nominal GDP	28
Figure II-1-1-2-3	Nominal GDP, changes in its growth, and the growth rate of inward direct investment outstanding (2009, 2017).....	29
Figure II-1-1-2-4	Countries/regions as important investment destinations for the United States.....	30
Figure II-1-1-2-5	Countries/regions as important investment destinations for China	31
Figure II-1-1-2-6	Countries/regions as important investment destinations for Japan	32
Figure II-1-1-2-7	Countries/regions as important investment destinations for Germany.....	32
Figure II-1-1-2-8	Key investment countries/regions for the United States, China, Japan, and Germany.....	33
Figure II-1-1-2-9	Distribution of overseas (manufacturing) companies that are (more than 25%) financed by companies from Japan, the United States,	

	China, and the EU	34
Figure II-1-1-2-10	Distribution of overseas (service) companies that are (more than 25%) financed by companies from Japan, the United States, China, and the EU	35
Figure II-1-1-2-11	Breakdown of overseas manufacturing subsidiaries by sector (number of companies)	37
Figure II-1-1-2-12	Sector breakdown of overseas manufacturing affiliates of manufacturing companies (number of companies)	37
Figure II-1-1-2-13	Number of overseas affiliates of Japanese manufacturing companies (breakdown by industry)	39
Figure II-1-1-2-14	Number of overseas affiliates of Japanese manufacturing companies (breakdown by manufactured product)	39
Figure II-1-1-2-15	Number of overseas affiliates of German manufacturing companies (breakdown by industry)	40
Figure II-1-1-2-16	Number of overseas affiliates of German manufacturing companies (breakdown by manufactured product)	41
Figure II-1-1-2-17	Number of overseas affiliates of Chinese manufacturing companies (breakdown by industry)	42
Figure II-1-1-2-18	Number of overseas affiliates of Chinese manufacturing companies (breakdown by manufactured product)	42
Figure II-1-1-2-19	Number of overseas affiliates of U.S. manufacturing companies (breakdown by industry)	43
Figure II-1-1-2-20	Number of overseas affiliates of U.S. manufacturing companies (breakdown by manufactured product)	44
Figure II-1-1-2-21	Percentage of parent companies of foreign companies in ASEAN member countries by residing country/region (all industries)	45
Figure II-1-1-2-22	Percentage of parent companies of foreign companies in ASEAN member countries by residing country/region (manufacturing)	45
Figure II-1-1-2-23	Sector distribution of foreign companies in the ASEAN member countries (number of companies)	46
Figure II-1-1-2-24	Breakdown of foreign companies in the ASEAN member countries by manufactured product (number of companies)	47
Figure II-1-1-2-25	Sector distribution of foreign companies in the ASEAN member countries (number of companies)	48
Figure II-1-1-2-26	Breakdown of foreign companies in the ASEAN member countries by manufactured product (number of companies)	48
Figure II-1-1-2-27	Ratio of sales of overseas affiliates to domestic sales of manufacturing companies of respective countries (estimates)	50
Figure II-1-1-2-28	Changes in the number of cases of cross-border M&A	52
Figure II-1-1-2-29	Growth of cross-border M&A by sector	52
Figure II-1-1-2-30	Distribution of target companies of cross-border M&A by Japanese, U.S., Chinese, and EU companies (machinery sector)	53
Figure II-1-1-2-31	Distribution of target companies of cross-border M&A by Japanese, U.S., Chinese, and EU companies (telecom sector)	54
Table II-1-1-2-32	Overview of overseas affiliates and M&A (machinery sector)	55

Table II-1-1-2-33	Ratio of minority stake in M&A (machinery)	56
Table II-1-1-2-34	Overview of overseas affiliates and M&A (telecom sector)	57
Table II-1-1-2-35	Ratio of minority stake in M&A (telecom sector)	58
Figure II-1-1-2-36	(for reference) Distribution of overseas companies financed (more than 25%) by companies from Japan, the United States, China, and the EU (telecom sector)	60
Figure II-1-1-2-37	Distribution of overseas companies financed (more than 25%) by companies from Japan, the United States, China, and the EU (machinery sector)	61
Figure II-1-1-2-38	Percentage of patents held by target companies of M&A (against value of patents held by companies in the home country)	62
Figure II-1-1-2-39	Percentage of patents held by target companies of M&A (against the number of patent applications by companies in the home country)	63
Figure II-1-1-2-40	Percentage of estimated unit cost of patents held by target companies of M&A (against patent applications held by companies in the home country)	64
Figure II-1-1-3-1	Functions that Japan's overseas affiliates plan to expand in the future	65
Figure II-1-1-3-2	(Real) research and development expenses of Japan's overseas affiliates (manufacturing)	66
Figure II-1-1-3-3	Real growth rates of research and development expenses and sales at Japan's overseas affiliates (manufacturing)	67
Figure II-1-1-3-4	Percentage of each nation to research and development expenses at Japan's overseas affiliates (manufacturing)	68
Figure II-1-1-3-5	Percentage of manufacturing industries to research and development at Japan's overseas affiliates	68
Figure II-1-1-3-6	Size and growth rate of research and development expenses at Japan's overseas affiliates (by sector)	69
Figure II-1-1-3-7	Percentage by sector to research and development expenses at Japan's overseas affiliates (FY2015-2016)	70
Figure II-1-1-3-8	Growth rate of research and development expenses and sales by sector (Japan's overseas affiliates)	71
Figure II-1-1-3-9	Changes in the number of patent applications to the patent office of respective countries/regions (only applicants whose country/region of residence is known)	73
Figure II-1-1-3-10	Changes in the share of the patent office of respective countries/regions (share to the total applications to the patent office of respective countries/regions)	74
Table II-1-1-3-11	Ranking of the number of applications to the domestic/regional patent office by country/region of applicant companies	75
Figure II-1-1-3-12	Changes in the number of patent applications and the number of quotes in China	75
Figure II-1-1-3-13	Networks of patent applications (2010)	77
Figure II-1-1-3-14	Networks of patent applications (2001)	77
Figure II-1-1-3-15	Networks of outward FDI (2010)	77
Figure II-1-1-3-16	Outward FDI networks (2001)	78

Figure II-1-1-3-17	Trade (export) networks (2010)	78
Figure II-1-1-3-18	Trade (export) networks (2001)	78
Figure II-1-1-3-19	Correlation between patents and trade/FDI (developed nations)	79
Table II-1-1-3-20	Correlation between international joint research and quality of patents (regression analysis)	80
Figure II-1-1-3-21	Changes in the ratios of international joint patents (to total patents).....	81
Figure II-1-1-3-22	Joint research networks of global companies (2011-2013).....	82
Figure II-1-1-4-1	Changes in the number of people who have arrived in developed nations from emerging/developing countries	85
Figure II-1-1-4-2	Changes in the number of foreign students studying at tertiary level in developed countries and China	86
Figure II-1-1-4-3	Changes in the number of international students studying in China by country of origin.....	87
Figure II-1-1-4-4	Changes in the number of inbound and outbound tourists by region around the world.....	88
Figure Column 6-1	Changes in the economic policy uncertainty index of the world and Japan	89
Figure Column 6-2	VI Index (Nikkei 225) and the economic policy uncertainty index of Japan	91
Figure Column 6-3	VI Index (S&P500) and the economic policy uncertainty index of the United States	91
Table Column 6-4	Correlation of the economic policy uncertainty index of each country/region (before and after China's entry into the WTO)	92
Table Column 6-5	Correlation of the economic policy uncertainty index of each country/region (before and after the financial crisis).....	94
Figure Column 6-6	Correlation between the U.S. economic policy uncertainty index and the economic policy uncertainty indexes of other countries (before and after the financial crisis)	94
Figure Column 6-7	Origin of economic policy uncertainty in Japan	95
Figure Column 6-8	Changes in the uncertainty index of Japan's respective policies	96
Figure Column 6-9	Changes in the uncertainty index of respective policies of the United States.....	96
Figure Column 6-10	Changes in the fiscal policy uncertainty index of Japan and the United States.....	97
Figure Column 6-11	Changes in the monetary policy uncertainty index of Japan and the United States	97
Figure Column 6-12	Changes in the trade policy uncertainty index of Japan and the United States.....	99
Figure Column 6-13	Changes in the correlation between the trade policy uncertainty index of Japan and the United States.....	100
Figure Column 6-14	Changes in the correlation between the trade policy uncertainty index of Japan and the economic policy uncertainty index of respective countries	101
Figure Column 6-15	Total value of trade with Japan (sum for 1997-2018).....	102
Table II-1-2-1	Trade destinations in the world (2017)	103

Figure II-1-2-2	Change in trade destinations in the world	104
Figure II-1-2-3	Shares of U.S. and China in total exports of major economies (2000→2017)	105
Table II-1-2-4	Export dependency of major countries/regions (2017)	107
Table II-1-2-5	Major export destinations of ASEAN (2017)	108
Figure II-1-2-6	Change in ASEAN's exports	109
Figure II-1-2-7	China's imports from ASEAN (2017)	110
Figure II-1-2-8	U.S.'s imports from ASEAN (2017)	110
Table II-1-2-9	Share of ASEAN's export destinations by country (gross exports and value added exports to final destinations/2015)	111
Figure II-1-2-10	ASEAN's value added exports to U.S. and China (by major transit country/region 2015)	112
Figure II-1-2-11	ASEAN's value added exports to U.S. and China by major transit country/region	113
Table II-1-2-12	India's major export destinations (2018)	114
Figure II-1-2-13	Change in India's exports	115
Figure II-1-2-14	China's imports from India (2018)	116
Figure II-1-2-15	U.S.'s imports from India (2018)	116
Figure II-1-2-16	India's value added exports to U.S. and China (via major transit country/region 2015)	117
Figure II-1-2-17	China's value added imports from India (China's direct counterparty)	117
Figure II-1-2-18	U.S.'s value added imports from India (U.S.'s direct counterparty)	118
Table II-1-2-19	Republic of Korea's major export destinations (2018)	118
Figure II-1-2-20	Changes in Republic of Korea's exports (of which U.S. and China are both destinations)	119
Figure II-1-2-21	Republic of Korea's exports to U.S. and China (2018)	120
Figure II-1-2-22	Republic of Korea's value added exports to U.S. and China (via major transit country/region 2015)	121
Figure II-1-2-23	China's value added imports from Republic of Korea (China's direct counterparty)	121
Figure II-1-2-24	U.S.'s value added imports from Republic of Korea (U.S.'s direct counterparty)	122
Table II-1-2-25	Japan's major export destinations (2018)	122
Figure II-1-2-26	Change in Japan's exports	123
Figure II-1-2-27	Japan's major export items (to China)	124
Figure II-1-2-28	Japan's major export items (to the U.S.)	124
Figure II-1-2-29	Japan's value added exports to the U.S. and China (via major transit country/region 2015)	125
Figure II-1-2-30	China's value added imports from Japan (China's direct counterparty)	125
Figure II-1-2-31	The U.S.'s value added imports from Japan (U.S.'s direct counterparty)	126
Table II-1-2-32	Major countries/regions' value added contents in direct imports by U.S. and China (2015)	127
Figure II-1-2-33	China's share in East Asian (Japan, Republic of Korea, Taiwan, and ASEAN) value added exports (in machinery industries) to U.S.	127

Figure II-1-2-34	Share of direct exporter of value added in East Asia (excluding China) to the U.S. (machinery industry).....	128
Figure II-1-2-35	Share of foreign value added in China's export of goods and services to the U.S. (excluding China, as of 2015) (excluding China, as of 2015).....	129
Figure II-1-2-36	Change in stock of outward direct investment of U.S. and China.....	130
Figure II-1-2-37	Change in stock of outward direct investment of China.....	130
Figure II-1-2-38	Change in stock of outward direct investment of U.S.....	131
Figure II-1-2-39	Stock of outward direct investment of U.S. (2017)	132
Figure II-1-2-40	U.S.'s and China's shares in direct inward investment (by region)	133
Figure II-1-2-41	Shares of U.S. and China in stock of inward direct investment (by country/region)	134
Figure II-1-2-42	Change in China's economic cooperation (project completed value).....	135
Figure II-1-2-43	Share by region in China's economic cooperation (project completed value/2017).....	136
Figure II-1-2-44	China's economic cooperation (project completed value/2017).....	136
Figure II-1-2-45	Change in major U.S.'s export destinations.....	137
Table II-1-2-46	Top 10 countries/regions of U.S.'s export destinations (2017)	138
Figure II-1-2-47	U.S.'s and China's direct and indirect value added exports (2015)	139
Table II-1-2-48	Performance of U.S. overseas affiliates (2015).....	140
Figure II-1-2-49	Top 10 countries/regions holding U.S. treasury bonds (as of December 2018).....	141
Figure II-1-2-50	Change in U.S. treasury bonds held by Japan and China.....	142
Figure II-2-1-1	Share of articles dealing with "protectionism" among newspaper reports.....	144
Figure II-2-1-2	Trade value of Japan, U.S., U.K., Germany, and France	145
Table II-2-1-3	Trends of the world trade value between 1929 and 1932.....	145
Table II-2-1-4	Bloc economies of great powers.....	146
Figure II-2-1-5	Trade balance of the United States with Japan.....	148
Figure II-2-1-6	Number of inquiries launched by the United States for their unilateral measures (Section 232 of the Trade Expansion Act & Section 301 of the Trade Act) (annual).....	149
Table II-2-1-7	History of trade disputes between Japan and the United States.....	149
Table II-2-1-8	Characteristics of the WTO	150
Figure II-2-1-9	Number of anti-dumping measures (1995-2008).....	152
Figure II-2-1-10	Volume of world trade before and after the Global Financial Crisis.....	153
Table II-2-1-11	G20 & APEC summit declarations.....	154
Figure II-2-1-12	Trade-restrictive measures of G20 countries (monthly average) and their coverage in value.....	156
Table II-2-1-13	U.S.'s measures under Section 232 and countermeasures	159
Figure II-2-1-14	The scale of duties: United States and China	159
Figure II-2-2-1-1	Whether people think that trade is good or bad for their own country in individual countries	161
Figure II-2-2-1-2	Whether people in individual countries think that trade leads to an increase in their wages or not	162

Figure II-2-2-1-3	Elephant curve developed by Corlett	163
Figure II-2-2-1-4	Trend of Gini's coefficient among countries.....	164
Figure II-2-2-1-5	Histogram of global GDP (1990).....	165
Figure II-2-2-1-6	Histogram of global GDP (2017).....	165
Figure II-2-2-1-7	Changes in the number of employees in the tradable industries and the non-tradable industries (France and the U.S.)	167
Table II-2-2-1-8	Studies on expansion of gap in the past.....	168
Figure II-2-2-1-9	Employment change rate by skill level in developed countries (from 1995 through 2015)	169
Figure II-2-2-1-10	Employment change rate by skill level in emerging/developing countries (from 2005 through 2016)	170
Figure II-2-2-2-1	Summary of government guidance funds, loans by the China Development Bank, and subsidies by the government.....	173
Figure II-2-2-2-2	Total of government subsidies based on corporate financial data and the breakdown of subsidies related to Made in China 2025	175
Table II-2-2-2-3	Average growth rate of financial items of ten focused areas under Made in China 2025 (CAGR: 2009 - 2017).....	176
Table II-2-2-2-4	Top 20 companies that received government subsidy in 2017.....	177
Figure II-2-2-2-5	Changes in loans to strategic emerging industries by the China Development Bank (2015 – 2017); Breakdown of loans by sector (2017).....	178
Figure II-2-2-2-6	Breakdown by sector for loans provided by the China Development Bank.....	178
Figure II-2-2-2-7	Comparison of interest payment ratio of the subject six industries.....	180
Table II-2-2-2-8	Average annual growth rate of borrowings (short and long) by subject six industries (2013 - 2017)	181
Table II-2-2-2-9	List of major sovereign wealth funds in China	182
Figure II-2-2-2-10	Changes in target scale of government guidance funds.....	185
Figure II-2-2-2-11	System of government guidance fund	186
Chart II-2-2-2-12	Share of individual types of government guidance funds (multiple answers allowed)	187
Figure II-2-2-2-13	Investees of government guidance funds (multiple answers allowed)	188
Figure II-2-2-2-14	Investment share by process at the “First Phase” by the Integrated Circuit Industry Investment Fund	189
Figure II-2-2-2-15	Government financial support to semiconductor-related companies (example in Tsinghua Unigroup).....	190
Figure II-2-2-2-16	Government financial support to a semiconductor-related company (example in Semiconductor Manufacturing International Corporation)	190
Figure II-2-2-2-17	Comparison of financial support to IC industry facilitation period by Japanese and Chinese governments (government subsidy/sales ratio).....	192
Figure II-2-2-3-1	Technical changes featuring 5G	194
Table II-2-2-3-2	Focused ten areas under Made in China 2025	195
Figure II-2-2-3-3	Changes in R&D expenditures by individual countries.....	195
Figure II-2-2-3-4	The accumulated number of patent applications related to 5G by country (top five countries)	196

Figure II-2-2-3-5	Accumulated patent appraisal value related to 5G by country (top five countries).....	197
Table II-2-2-3-6	Top companies with the number of applications and appraisal value of 5G-related patents.....	199
Figure II-2-2-3-7	Market share of mobile telecommunication infrastructure (2017)	200
Figure II-2-2-3-8	The accumulated numbers of lithium-ion battery-related patent applications by country (top five countries).....	201
Figure II-2-2-3-9	The accumulated appraisal value of lithium-ion battery-related patents by country (top five countries).....	202
Table II-2-2-3-10	Top 10 companies in the number of applications and appraisal value of patents related to lithium-ion batteries.....	203
Figure II-2-2-3-11	Market share of in-vehicle lithium batteries (2016).....	204
Table II-2-2-3-12	Top companies in the number of patent applications related to AI.....	205
Table II-2-3-3-13	Top universities and public research institutes in the number of patent applications related to AI.....	206
Figure II-2-2-3-14	The number of universities and research institutes among top 500 applicants of AI-related patent applications by country/region.....	206
Figure II-2-2-3-15	Comparison of the number of patent applications to WIPO by companies in Japan, the U.S., and China (accumulated from 2012 to 2016).....	208
Figure II-2-2-3-16	Comparison of the appraisal value of patents submitted to WIPO by companies in Japan, the U.S., and China (aggregated in a parent company from 2012 to 2016)	209
Figure II-2-3-1-1	GDP and demand items, savings-investment (IS) balance, and net export identity	210
Figure II-2-3-1-2	Japan's savings-investment balance (as % of GDP)	211
Figure II-2-3-1-3	U.S.'s savings-investment balance (as % of GDP).....	212
Figure II-2-3-1-4	Demand curve under free trade and decrease in total surplus due to tariff increase	213
Table II-2-3-1-5	Previous research on the impact of raising tariffs	215
Table II-2-3-1-6	Model analysis of U.S. imposing an additional 10% tariff on imports from China	216
Table II-2-3-1-7	IMF scenario analysis of trade dispute impact (divergence from 2017) (Oct. 9, 2018)	217
Colum Table 7-1	Five Misconceptions regarding the trade deficit.....	219
Table II-2-3-2-1	Summary of 2002 U.S. steel SG measures	222
Figure II-2-3-2-2	U.S. crude steel production, consumption, net imports, and employment.....	224
Figure II-2-3-2-3	Number of relief measures implemented for U.S. steel and steel products.....	224
Table II-2-3-2-4	Ranking of countries from which U.S. imported targeted items 2001	226
Figure II-2-3-2-5	Imports (value) of targeted items by targeted and exempted countries (year-on-year change).....	227
Figure II-2-3-2-6	Import price index of targeted and non-targeted items for targeted countries (Fisher index).....	227

Figure II-2-3-2-7	U.S. domestic demand	228
Figure II-2-3-2-8	U.S. crude steel production volume and utilization rate	229
Figure II-2-3-2-9	U.S. steel producer price index	229
Figure II-2-3-2-10	U.S. steel market price	230
Figure II-2-3-2-11	No. of jobs in the U.S. steel industry	231
Figure II-2-3-2-12	Earnings of major U.S. steel manufacturers (net profit)	232
Figure II-2-3-2-13	Stock price of major U.S. steel manufacturers	232
Figure II-2-3-2-14	Impact of 2002 SG measures on employment (steel and downstream industries)	234
Table II-2-3-2-15	Trial calculation based on general equilibrium model with steel safeguard measures	234
Figure II-2-3-2-16	Market price of steel (Germany and China)	236
Table II-2-3-2-17	Summary of measures imposed on photovoltaic cells and modules since 2012	239
Figure II-2-3-2-18	Global installed solar power capacity (by region)	241
Figure II-2-3-2-19	Global photovoltaic cell and module exports (value) (by country, stacked graph)	242
Figure II-2-3-2-20	U.S. imports (value) of targeted items (from China and rest of the world)	243
Figure II-2-3-2-21	U.S. imports (value) (by country, 100% stacked graph)	244
Figure II-2-3-2-22	U.S. installed solar power capacity	244
Table II-2-3-2-23	Expansion of production facilities of major companies	245
Figure II-2-3-2-24	U.S. and international price of photovoltaic cells and modules	247
Figure II-2-3-2-25	U.S. and EU photovoltaic module price (top, U.S.; bottom, EU)	248
Figure II-2-3-2-26	U.S. domestic production and imports (volume) of photovoltaic cells and modules	249
Table II-2-3-2-27	Impact of SG measures on manufacturers	249
Figure II-2-3-2-28	Number of workers at U.S. module manufacturers	250
Figure II-2-3-2-29	Sales of U.S. module manufacturers	250
