

List of Figures and Tables

Figure I-1-1-1	Responses to Russia by various countries	1
Figure I-1-1-2	Real GDP growth rates for Ukraine, Russia, the world, the eurozone, and Asia's emerging regions	2
Figure I-1-1-3	Inflation rates in Russia, the world, the eurozone, and Asia's emerging regions	3
Table I-1-1-4	Russia's economic outlook according to the Central Bank of Russia and the World Bank	4
Figure I-1-1-5	Russia's PMI, industrial production, and consumer price index (CPI)	5
Figure I-1-1-6	Financial markets since Russia's aggression against Ukraine began	6
Figure I-1-1-7	Price trends for crude oil and natural gas since Russia's aggression against Ukraine began	6
Figure I-1-1-8	Price trends for Russian crude oil	7
Figure I-1-1-9	Grain futures prices since Russia's aggression against Ukraine began	8
Figure I-1-1-10	Russia's financial markets and policy interest rates	10
Table I-1-1-11	Russia's foreign currency debt ratings	10
Figure I-1-1-12	Trends in the holding of Russian government bonds by non-residents	11
Figure I-1-1-13	Terms of trade for non-resource countries (Japan and Germany) and resource ones (United States, Canada, Australia, Norway, and Brazil)	12
Figure I-1-1-14	International credit balances of various countries' financial institutions toward Russia and Ukraine	14
Figure I-1-1-15	Trends in international credit balances toward Russia	14
Figure I-1-1-16	Trade trends in 2021 for Russia	15
Figure I-1-1-17	Trade trends in 2021 for Ukraine	16
Figure I-1-1-18	Russia's and Ukraine's main exports	16
Figure I-1-1-19	Russia's and Ukraine's energy production and food-related exports	17
Table I-1-1-20	Exports of petroleum oils and oils obtained from bituminous minerals (limited to crude) from Russia (HS2709) and import procurement trends of the 5 countries with the highest export value from Russia	18
Table I-1-1-21	Exports of petroleum oils and oils obtained from bituminous minerals (excluding crude), and preparations (HS2710) from Russia and import procurement trends of the 5 countries with the highest export value from Russia	20
Table I-1-1-22	Exports of coal, briquettes, ovoids, and similar solid fuels manufactured from coal (HS2701) from Russia and import procurement trends of the 5 countries with the highest export value from Russia	21
Figure I-1-1-23	Exports of liquefied (HS271111) and gaseous natural gas (HS271121) from Russia	23
Table I-1-1-24	Various countries' natural gas imports from Russia via pipeline (2020)	24
Figure I-1-1-25	Percentage of wheat imports from Russia and Ukraine	25
Figure I-1-1-26	Percentage of various countries' corn import values accounted for by Ukraine and Russia (2019)	26
Figure I-1-1-27	Percentage of various countries' sunflower oil import values accounted for by Ukraine and Russia	27
Figure I-1-1-28	Price trends for fertilizer-related items	28

Figure I-1-1-29	Percentage of various countries' fertilizer import values accounted for by Russia (2020)	30
Figure I-1-1-30	Global distribution of nickel reserves	31
Table I-1-1-31	Procurement trends of top importers of nickel from Russia (2021)	31
Figure I-1-1-32	World distribution of titanium reserves and production of titanium sponge and similar items in 2021	33
Table I-1-1-33	Procurement trends of top importers of titanium and titanium products from Russia (2021)	33
Table I-1-1-34	Procurement trends of top importers of rare gases other than argon from Ukraine (2021)	34
Figure I-1-1-35	Palladium production (2021)	35
Table I-1-1-36	Trends in Russia and Ukraine regarding Japan's major export items	35
Table I-1-1-37	Trends in Russia and Ukraine regarding major imports to Japan	36
Table I-1-1-38	Trends in major Japanese export items to Russia and Ukraine	38
Table I-1-1-39	Trends in Japan's major import items from Russia and Ukraine	39
Figure I-1-1-40	Number of bases owned by Japanese businesses in Russia and Ukraine	40
Figure I-1-1-41	Business status of Japanese companies in Russia	41
Table I-1-1-42	Summary of emergency measures by the Task Force on Strategic Goods and Energy Supply Chains	42
Figure I-1-2-1	Relationship diagram of the supply constraints in supply chains	44
Figure I-1-2-2	Baltic Dry Index	45
Figure I-1-2-3	Freightos Baltic Index (Global)	46
Figure I-1-2-4	Freight rates of major maritime routes for container ships between Europe, the United States and China by maritime route	46
Figure I-1-2-5	Freight rates for container ships departing from Japan by maritime route	47
Figure I-1-2-6	Average waiting time for container ships at major ports on the west coast of the United States	47
Figure I-1-2-7	Container Availability Index (CAx)	49
Table I-1-2-8	Examples for interpreting CAx	49
Figure I-1-2-9	The impact of disruption in international logistics and responses to it	51
Figure I-1-2-10	Trends in air freight rates	52
Figure I-1-2-11	Number of workers who left their jobs in the transportation sector in the United States	53
Figure I-1-2-12	Average hourly wage of truck drivers in the United States	53
Figure I-1-2-13	Producer Price Index for trucking in the United States (Year-on-year changes)	54
Figure I-1-2-14	Forecasts of when congestion and soaring transportation costs will be eliminated	55
Figure I-1-2-15	Trends in number of workers	56
Figure I-1-2-16	Trends in vacancy rates	56
Figure I-1-2-17	ISM Manufacturing and Non-manufacturing Business Index in the United States	57
Figure I-1-2-18	Factors limiting production in the manufacturing industry in Europe	58
Figure I-1-2-19	Trends in the global resource and energy price index	59
Figure I-1-2-20	Trends and forecasts of nominal price indices for resources and energy	60
Figure I-1-2-21	Trends in crude oil prices	61
Figure I-1-2-22	Natural gas price trends	62

Figure I-1-2-23	Trends in coal prices.....	63
Figure I-1-2-24	Real food price indices	64
Figure I-1-2-25	Price indices of food by item	64
Figure I-1-2-26	Changes in prices of production materials (in Japan).....	65
Figure I-1-2-27	Changes in fertilizer prices	66
Figure I-1-2-28	Price trends of base metals	68
Figure I-1-2-29	Scenario of major metal prices required for energy transitions.....	69
Figure I-1-2-30	Trends of indexed exchange rates against the U.S. dollar	70
Figure I-1-2-31	Terms of trade.....	71
Figure I-1-2-32	Survey report on shortage of raw materials	72
Figure I-1-2-33	Lead time for semiconductors	73
Figure I-1-2-34	Trends in the size of the global semiconductor market	74
Table I-1-2-35	Trends in semiconductor industry support measures in various countries and regions....	74
Figure I-2-1-1	Trends in the number of COVID-19 deaths.....	77
Figure I-2-1-2	International tourist arrivals.....	78
Figure I-2-1-3	Number of people who visited various facilities	78
Figure I-2-1-4	Strictness indexes of measures against COVID-19	80
Table I-2-1-5	Real GDP growth rates	82
Figure I-2-1-6	Comparison of real private consumption expenditures in developed countries (2021)....	83
Figure I-2-1-7	Real GDP growth rates of developed and emerging countries.....	84
Figure I-2-1-8	Current accounts of developed and emerging countries.....	84
Figure I-2-1-9	Global real GDP and the contribution of components.....	85
Figure I-2-1-10	Factors behind fluctuations in government debt.....	86
Figure I-2-1-11	Scale of governments' contingent liabilities due to measures against COVID-19	87
Figure I-2-1-12	Number of cross-border M&As.....	88
Figure I-2-1-13	Number of cross-border M&As in manufacturing industries.....	88
Figure I-2-1-14	Number of cross-border M&As in service industries	89
Figure I-2-1-15	Number of nationalized companies and cross-border M&As by nationalized multinational companies through measures against COVID-19	90
Figure I-2-1-16	Export quantity by region	90
Figure I-2-1-17	World goods exports as a percentage of nominal GDP	91
Figure I-2-1-18	Container Throughput Index.....	91
Figure I-2-1-19	Throughput index by region	92
Figure I-2-1-20	Baltic Dry Index	92
Figure I-2-1-21	CPI of developed (left) and emerging (right) countries.....	93
Figure I-2-1-22	Monthly number of Microsoft Teams users	94
Figure I-2-1-23	Trends in housing prices.....	94
Figure I-2-1-24	Housing prices by country	95
Figure I-2-1-25	Office rents in major cities around the world	96
Figure I-2-1-26	Percentage of remote learning support measures implemented in various country by income classification.....	98
Figure I-2-1-27	Medical institutions that support phone or online medical consultations in Japan.....	99

Figure I-2-1-28	Use of online medical consultations in the United States.....	100
Figure I-2-1-29	Performance measures of Ping An Doctor	100
Figure I-2-1-30	Percentage of retail sales accounted for by e-commerce.....	101
Figure I-2-1-31	Working hours lost due to COVID-19.....	102
Figure I-2-1-32	Employment rate of people 15 years of age and older by income level	103
Figure I-2-1-33	Employment in manufacturing and service industries by income level	103
Figure I-2-1-34	Forward participation in the supply chain of middle-income countries	104
Figure I-2-1-35	Unemployment rate by income level (left) and employment rate in 2020 by skill (right)	106
Figure I-2-1-36	Percentages of employment by skill	107
Figure I-2-1-37	Percentage of low-wage employment.....	107
Figure I-2-1-38	Digital access (left: Fixed broadband subscriptions; right: Percentage of households that have Internet access)	109
Figure I-2-1-39	Percentage of individuals with standard ICT skills	109
Table I-2-1-40	Examples of applications of important minerals	110
Figure I-2-1-41	Demand outlook for important minerals.....	112
Figure I-2-1-42	Reserves of major metals and producing countries' shares.....	112
Figure I-2-1-43	Share of the production cycle and process of lithium batteries by country	113
Figure I-2-1-44	Real GDP growth rates of Japan and the United States.....	114
Table I-2-1-45	Real GDP growth rates of Japan and the United States (Average growth rates for every 10 years).....	115
Figure I-2-1-46	I-S balances of Japanese and U.S. companies	115
Figure I-2-1-47	Potential growth rates of Japan and the United States.....	116
Table I-2-1-48	Comparison of business dynamism in Japan and the United States	116
Figure I-2-1-49	Entrepreneurship trends in Japan and the United States.....	118
Figure I-3-2-1	Creation of innovative products and services brought by the Fourth Industrial Revolution.....	121
Figure I-3-2-2	Distribution of unicorns by country (April 2022).....	121
Figure I-3-2-3	Trends in the Market capitalization of major digital companies in Japan, the U.S. and China	123
Figure I-3-2-4	Trends in the amount of digital investment and nominal GDP in Japan and other countries	124
Figure I-3-2-5	The use of IT budgets in Japan and the U.S.	125
Figure I-3-2-6	IMD World Digital Competitiveness Ranking	125
Figure I-3-2-7	Japan's evaluation in the "IMD World Digital Competitiveness Ranking"	126
Figure I-3-2-8	Trends in the scale of the digital economy in Southeast Asia	126
Table I-3-2-9	Examples of Adopting Asian DX demonstration projects.....	127
Table I-3-2-10	Trends in digital platforms in foreign countries	128
Figure I-3-2-11	When will each global risks become a critical threat to the world? (Response rate)	129
Figure I-3-2-12	TOP RISKS 2022	130
Figure I-3-2-13	Macroeconomic Uncertainty Index (Japan-U.S. comparison).....	131
Figure I-3-2-14	Economic Policy Uncertainty Index (World-Japan-U.S. comparison).....	132

Figure I-3-2-15	Economic Surprise Index (Comparison of the World, Japan, U.S. and EU).....	132
Figure I-3-2-16	Volatility Index (VIX index)	133
Figure I-3-2-17	Geopolitical risk index.....	133
Figure I-3-2-18	Impact of the conflict between the U.S. and China on the semiconductor industry	134
Table I-3-2-19	Major regulations by the U.S. in the struggle for technological supremacy between the U.S. and China	135
Table I-3-2-20	Efforts toward developing core digital technologies	135
Table I-3-2-21	United States Innovation and Competition Act of 2021	136
Figure I-3-2-22	Status of carbon neutrality declarations in major countries.....	138
Figure I-3-2-23	Trends in the amount of sustainable investment.....	139
Figure I-3-2-24	Trends in the amount of green bonds issued around the world	139
Figure I-3-2-25	Percentage of green bonds to occupy the amount of bonds issued.....	139
Figure I-3-2-26	Transition to decarbonization	140
Figure I-3-2-27	Outline of the circular economy	141
Figure I-3-2-28	Policy trends in the circular economy in EU and Japan	142
Figure I-3-2-29	Annual demand for important minerals in 2050.....	143
Figure I-3-2-30	Demand rate for production volume in 2020.....	144
Figure I-3-2-31	Mineral resources where stable procurement becomes important (element symbol table).....	144
Figure I-3-2-32	Application of rare earths in industries.....	145
Figure I-3-2-33	Change in the production of rare earths in the world	145
Table I-3-2-34	Trends in policies of individual countries on important minerals	146
Table I-3-2-35	Upsurge of resource nationalism in countries that possess important minerals	146
Figure I-3-2-36	Outline of the proposal for a Directive on EU corporate sustainability due diligence ...	148
Table I-3-2-37	Recommendations for promoting industrial policy from international organizations....	152
Table I-3-2-38	Expert views on future industrial policies issued before and after the Ukraine crisis....	152
Table I-3-2-39	Industrial policy for strengthening the resilience of America's supply chains	153
Table I-3-2-40	Report on the U.S.' Supply Chains (June 2021)	154
Table I-3-2-41	EU's efforts toward supply chain resilience and autonomy	156
Table I-3-2-42	Industrial alliances in Europe	157
Table I-3-2-43	The ten priority sectors of "Made in China 2025".....	158
Table I-3-2-44	Non-binding targets set in three phases for "Made in China 2025"	158
Figure I-3-2-45	Domestic procurement targets for major technologies.....	158
Figure II-1-1-1	Trends in the growth rate of the global GDP and exports	161
Figure II-1-1-2	Trends in the share of intra-regional trade in the major regions.....	162
Figures II-1-1-3	Trends in world services exports (annual).....	163
Figure II-1-1-4	Recent trends in the growth rate of services exports (Quarterly/year-on-year).....	164
Figure II-1-1-5	Long-term changes in the composition of services exports.....	164
Table II-1-1-6	The three unbundlings	166
Figure II-1-1-7	Trends in services exports by country	166
Figure II-1-1-8	Services exports of the major countries.....	167

Figure II-1-1-9	Trends in the outstanding outward foreign direct investment for the world's major countries	169
Figure II-1-1-10	Trends in the outstanding inward foreign direct investment for the world's major emerging countries	169
Figure II-1-1-11	Trends in China's inward foreign direct investment (flow)	170
Figure II-1-1-12	Trends in China's outward foreign direct investment (flow)	171
Figure II-1-1-13	Trends in Japan's trade balance.....	172
Figure II-1-1-14	Composition of Japan's exports (2021).....	173
Figure II-1-1-15	Trends in the level of Japan's Exports (by item and month).....	174
Figure II-1-1-16	Composition of Japan's imports (2021)	175
Figure II-1-1-17	Trends in the level of Japan's imports (by item and month).....	176
Figure II-1-1-18	Composition of Japan's major export and import partners (countries and regions)	176
Table II-1-1-19	Growth rates of Japan's major export and import partners by country and region	177
Figure II-1-1-20	Trends in Japan's export values	178
Figure II-1-1-21	Trends in Japan's import values.....	178
Figure II-1-1-22	Trends in Japan's current account balance (by year)	179
Figure II-1-1-23	Trends in Japan's current account balance (by month).....	180
Figure II-1-1-24	Trends in Japan's outstanding outward foreign direct investment (manufacturing sector).....	181
Figure II-1-1-25	Japan's outstanding direct investment to the major Asian countries and regions (manufacturing sector)	181
Figure II-1-1-26	Japan's, the United States', and the EU's share of outstanding direct investment to China (manufacturing sector)	182
Figure II-1-1-27	Trends in Japan's outstanding outward foreign direct investment by industry.....	183
Figure II-1-1-28	Share of Japan's outstanding outward foreign direct investment by country/region, summarized by major industry.....	183
Figure II-1-1-29	Share of Japan's outstanding outward foreign direct investment by industry, summarized by country	184
Figure II-1-1-30	Trends in world exports by goods	186
Figure II-1-1-31	Trade of intermediate goods in the machinery industry	187
Figure II-1-1-32	Forward and backward participation in global value chains	188
Figure II-1-1-33	Example of a global value chain involving Japan	188
Figure II-1-1-34	Japan's participation in global value chains.....	189
Figure II-1-1-35	Share of value added of major countries and regions in China's exports to the United States	191
Figure II-1-1-36	Share of value added of various countries and regions in China's exports to the United States (2018).....	191
Figure II-1-1-37	Changes in shares of value added of China's exports to the United States (1995 to 2018)	192
Figure II-1-1-38	Differences in China's exports to the United States by industry (value added share in China).....	193

Figure II-1-1-39	Share of value added in Japan's exports to the United States of major countries and regions.....	194
Figure II-1-1-40	Breakdown of value added in exports by Japanese manufacturers by industry.....	195
Figure II-1-1-41	Trends in share of value added of service areas in exports of goods by Japanese manufacturers.....	196
Table II-1-1-42	Number of Japanese overseas manufacturing affiliates (FY2019).....	197
Figure II-1-1-43	Locations and procurement of Japanese manufacturing industries (FY2019).....	198
Figure II-1-1-44	Suppliers of Japanese overseas manufacturing subsidiaries located in Asia.....	199
Figure II-1-1-45	Suppliers of Japanese manufacturing subsidiaries in Asia by industry	200
Figure II-1-1-46	Suppliers of raw materials and parts for Japanese companies in major countries in Asia and Oceania.....	201
Table II-1-1-47	Review of procurement of Japanese companies located in Asia and Oceania	202
Table II-1-1-48	Changes in suppliers of Japanese companies located in Asia and Oceania.....	202
Table II-1-1-49	Review of production of Japanese companies in Asia and Oceania.....	203
Figure II-1-1-50	Countries and regions which companies are expanding to (Target: all industries)	205
Figure II-1-1-51	Promising countries and regions for companies to expand to in the medium term (next 3 years).....	206
Figure II-1-1-52	Direction of business expansion over the next one to two years (Japanese companies in China/all industries)	207
Figure II-1-1-53	Trends in R&D expenses of manufacturing companies	208
Figure II-1-1-54	Shares of companies engaged in direct and indirect trade.....	209
Figure II-1-1-55	Trends in Japan's machinery trade in 2020.....	210
Figure II-1-1-56	Breakdown of the initial decline in Japan's trade (year-on-year for January to May)....	211
Table II-1-1-57	Details of the effects of the shocks to Japan's trade during the COVID-19 pandemic...	211
Table II-1-1-58	Impact on recovery if the number of business partners doubles.....	212
Figure II-1-1-59	Countries and regions from which Japan imports semiconductors (2021).....	214
Figure II-1-1-60	Trends in the countries and regions from which Japan imports semiconductors	214
Figure II-1-1-61	Countries and regions from which Japan imports automotive parts (2021)	216
Figure II-1-1-62	Trends in countries and regions from which Japan imports automobile parts	216
Figure II-1-2-1	Nominal GDP in Japan, the U.S. and China.....	219
Figure II-1-2-2	Trends in R&D expenditure in Japan, the U.S. and China	220
Figure II-1-2-3	Trends in the number of international patent applications filed in Japan, the U.S., and China	220
Figure II-1-2-4	Trends in the number of international patent applications by fields of science and technology in China and what percentage they account for in the total number of filed applications	221
Figure II-1-2-5	Trends in the number of patent applications filed in Japan, the U.S. and China (ICT and AI-related technologies).....	221
Figure II-1-2-6	Trends in the number of papers in major countries (method for article count)	222
Figure II-1-2-7	Trends in outward foreign direct investment in countries around the world.....	222
Figure II-1-2-8	Trends in China's outward foreign direct investment (in countries around the world) ..	223
Table II-1-2-9	China's outward foreign direct investment (by country and region)	223

Figure II-1-2-10	Trends in China's outward foreign direct investment (in the U.S.)	224
Figure II-1-2-11	Trends in, and a breakdown of China's outward foreign direct investment by industry (in the U.S.)	224
Figure II-1-2-12	Trends in China's outward foreign direct investment (in Europe).....	225
Figure II-1-2-13	Trends in, and a breakdown of China's outward foreign direct investment by industry (in EU).....	225
Figure II-1-2-14	Trends in China's outward foreign direct investment (in Asia).....	226
Figure II-1-2-15	Trends in China's outstanding outward foreign direct investment (in major countries and regions in Asia)	227
Figure II-1-2-16	Trends in China's outward foreign direct investment (in Japan)	228
Figure II-1-2-17	The U.S.' outward foreign direct investment (in countries around the world)	228
Figure II-1-2-18	The U.S.' outward foreign direct investment (in China).....	229
Figure II-1-2-19	Trends in the U.S.' outward foreign direct investment in China (by industry).....	230
Figure II-1-2-20	Trends in U.S. trading partners' total and share of trade value.....	231
Figure II-1-2-21	Trends in EU trading partners' total and share of trade value.....	231
Figure II-1-2-22	Trends in Japan's trading partners' total and share of trade value.....	232
Figure II-1-2-23	Trends in China's share of the parts being imported by Japan, the United States and the EU	233
Figure II-1-2-24	A breakdown of 137 items by country in Europe, which are highly dependent on imports	234
Table II-1-2-25	The dependence of important items, etc., and the alternativeness in Japan.....	235
Figure II-1-2-26	Import partner countries and regions.....	236
Table II-1-2-27	Main items with a high Herfindahl-Hirschman Index (HHI)	238
Figure II-1-2-28	Risk positions in the global supply chains of major manufacturing industries (2018)...	240
Table II-1-2-29	Outline of export control systems and inward foreign direct investment systems in major countries and regions.....	243
Figure II-1-2-30	The number of acquisitions of critical technology companies in the United States by country of the top six countries (2018-2020)	246
Figure II-1-2-31	EU's inward foreign direct investments (Phase2).....	247
Figure II-1-2-32	Trends in the number of prior notifications concerning the acquisition of shares of listed companies in Japan	249
Figure II-1-2-33	Percentage of prior notification for acquiring shares of listed companies in Japan by industry.....	249
Table II-1-2-34	Outline of the "Requests with Regards to the Extraterritorial Application of China and United States Regulations"	253
Figure II-1-3-1	CO ₂ emissions embodied in trade and final demand	257
Figure II-1-3-2	Global production-based CO ₂ emissions	258
Figure II-1-3-3	Global production-based CO ₂ emissions (Percentage of emissions in non-OECD countries accounted for by emerging Asian countries)	258
Figure II-1-3-4	Trends in domestic CO ₂ emissions (toward domestic and foreign demand (exports)) and foreign emissions toward domestic demand (imports) in China.....	259

Figure II-1-3-5	Exporters and importers of CO ₂ emissions for various countries (2018)	260
Figure II-1-3-6	Breakdown of CO ₂ emissions embodied in exports of countries and regions by domestic and foreign (2018).....	261
Figure II-1-3-7	Foreign CO ₂ emissions embodied in China's exports (2018, top 10 countries).....	261
Figure II-1-3-8	Percentages of companies engaged in various decarbonization management initiatives by country or region	263
Table II-1-3-9	Examples of companies working to decarbonize their entire supply chain.....	264
Figure II-1-3-10	Trends in renewable energy generation costs (solar).....	265
Figure II-1-3-11	Trends in renewable energy generation costs (wind)	265
Figure II-1-3-12	Trends in EU ETS prices	266
Figure II-1-3-13	Main guidelines on human rights	268
Figure II-1-3-14	Consideration of upgrading the supply chain in Asia through data linkage	276
Figure II-2-1-1	Conceptual diagram of digital trade	278
Figure II-2-1-2	The population and proportion of individuals who use the Internet.....	280
Figure II-2-1-3	Trends in global mobile data traffic by region and composition ratio.....	280
Figure II-2-1-4	Trends in global mobile data traffic by content and composition ratio	281
Figure II-2-1-5	Trends in cross-border data distribution amount by region.....	281
Figure II-2-1-6	Relationship between data collection and productivity in companies.....	282
Figure II-2-1-7	Number of introductions of digital-related regulations	282
Figure II-2-1-8	The most innovative TradeTech	283
Figure II-2-1-9	The main impact of TradeTech on trade.....	284
Figure II-2-1-10	Issues related to TradeTech	285
Table II-2-1-11	Overview of TradeTech.....	285
