

Table(5) Production

UC code (#)	Use Category (UC)	SUC code	Sub Use Category (SUC)	Emission Factors to surface water				
				Water Solubility (mg/L)				
				<10	10-100	100- 1,000	1,000- 10,000	≥10,000
PRODUCTION								
	The production of the chemical substance in itself. ※The emission factors for a production stage does not depend on use category.			0.000001	0.000001	0.000001	0.00001	0.0001
