

Appendix 1

List of Newly Established and Revised JIS Publicly Notified on May 20, 2025

< Division in charge and telephone number >

International Standardization Division (e-mail: bzl-s-kijun-ISO@meti.go.jp Tel:03-3501-1511 ext.3423～3427)

International Electrotechnology Standardization Division (e-mail: bzl-s-iec@meti.go.jp Tel: 03- 3501-1511 ext. 3428～3429)

1. Newly established standards

(Japanese Industrial Standards Committee)

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Performance measurement method of drag-reducing against for water circulation system in central air conditioning system	B8703	Japanese Standards Association	International Standardization Division
Test method for disinfection performance of wet wipes and disinfection effect	S3303	Japan Hygiene Products Industry Association	International Standardization Division

(Submitted by Accredited SDO-Japanese Standards Association)

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Electromechanical elementary relays-Part 10: Additional functional aspects and safety requirements for high-capacity relays	C61810-10	Japanese Standards Association	International Electrotechnology Standardization Division

(Total standards newly established: 3)

2. Revised standards

(Japanese Industrial Standards Committee)

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Autoclaved lightweight aerated concrete panels	A5416	ALC Association	International Standardization Division
Light scattering airborne particle counter for clean spaces	B9921	Japan Air Cleaning Association	International Standardization Division
Surface chemical analysis-Secondary ion mass spectrometry-Linearity of intensity scale in single ion counting time-of-flight mass analysers	K0155	Japan National Committee for Standardization of Surface Chemical Analysis	International Standardization Division
Information security, cybersecurity and privacy protection-Information security management systems-Requirements	Q27001	Japanese Standards Association	International Electrotechnology Standardization Division
Energy management systems-Requirements with guidance for use	Q50001	The Institute Of Applied Energy	International Standardization Division
General rules for test methods of oil burning appliances	S3031	Japan Heating Appliances Inspection Association	International Standardization Division

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
International standard music number (ISMN)	X0309	General Incorporated Association Japan ISMN Code Center	International Electrotechnology Standardization Division
Labels for environmental-impacts achievement levels for the products using fluorocarbons or alternative fluorocarbons	Z7161	The Japan Refrigeration And Air Conditioning Industry Association	International Standardization Division
Particle characterization of particulate systems-Vocabulary	Z8890	The Association Of Powder Process Industry And Engineering, Japan	International Standardization Division

(Submitted by Accredited SDO-Japanese Standards Association)

Name of standard	JIS code	Association that prepared the draft proposal	Division in charge
Dimensions of low-voltage switchgear and controlgear-Standardized mounting on rails for mechanical support of switchgear, controlgear and accessories	C2812	Japanese Standards Association	International Electrotechnology Standardization Division
Busways	C8364	Japanese Standards Association	International Electrotechnology Standardization Division

(Total standards revised: 11)
