

# Yamato Logic for Japan Growth Strategy in Asia

YAMATO GROUP

## II. International cool T-Q-Bin courier service: Japan to Hong Kong for progress

YAMATO GROUP

October 28: Launch Japan to Hong Kong for "international cool T-Q-Bin service" in response to the "growth strategy"

Agricultural and fishery products export promotion  Yamato producer's philosophy

### A. Product Strategy (Major agricultural and fishery products • Processed food)

- ✓ Working in sync with the growth strategy of the government, and creating markets i.e. "food retail international transport market."
- ✓ In order to aim the "aspirations" of the Yamato Group DAN-TOTSU Management Plan 2019, to build a self sustainable infrastructure and platform efficiently without any geographic boundaries
